

Reviewing our Strategic Plan – the blue print for our College

Our Board has been developing a new Strategic Plan since late last year. We have sought input from staff and now seek thoughts from our community.

In particular we would appreciate your thoughts on:

1. What should our vision be – that audacious goal for students (and staff). It was ‘To be the best rural secondary school in New Zealand’. We would like a new statement that captures the character of our school and aspirations for our students and staff.
2. Any comments on the goals and values detailed below or in the Wharenui diagram attached.
3. **Please email any comments or suggestions to Jan Rockliff**
janrockliff@cromwell.school.nz

Ngā mihi for your thoughts – thank you.

Mason Stretch, Principal
Greg Wilkinson, Board Chair

PROPOSED VISION

Your suggestions: _____

PROPOSED MISSION

Respectful courageous lifelong learners who pursue excellence.

DRAFT CORNERSTONE GOALS

1. Striving for Personal Excellence

- Delivering a curriculum that:
 - Is broad, inclusive and innovative and meets students’ needs and aspirations
 - Prepares students for lifelong learning (and real world problem solving?)
 - Equips students to be proactive and responsible participants in society
- Recognise and celebrate academic, sporting, cultural and community strengths and successes
- Building resilience through providing opportunities that foster and sustain character

2. Nurturing an environment of respect

- Respecting yourself, others and our place
- Maintaining a safe, supportive and welcoming school culture where all students feel a strong sense of pride and belonging
- Living our school values throughout our school community

3. Making effective use of our resources

- Maximising the utilisation of College resources
- Enhancing the physical assets of the College
- Investing in our people
- Investing in our programmes
